## PROFILE

Seasoned Software Engineer with over 10 years of experience in backend and frontend development, cloud technologies, and website creation. Skilled in building scalable systems and delivering engaging user experiences. Proficient with tools like AWS, GCP, Docker, WordPress, and Shopify. Dedicated to delivering tailored, high-quality solutions that align with business objectives.

## SKILLS

### Programming Languages

Python, Java, JavaScript  
HTML & CSS  
SQL

### Frameworks / Libraries

Django, FastAPI, Flask  
Spring, Springboot  
NextJS, ViteJS, ReactJS, NodeJS

### Databases

PostgreSQL, MySQL, SQLite  
MongoDB, Redis

### Cloud Computing

AWS, GCP

### Other

Docker, Git, REST API  
Wordpress, Shopify

## EMPLOYMENT HISTORY

### Python Developer

WeCan | February 2024 - Present

- Collaborated within a team to design, develop, deploy, and maintain a web application for Zain, a leading telecom company in Iraq.
- Developed a Voucher Management System, facilitating the management, distribution, and validation of vouchers for dealers, sub-dealers, admins, and sellers.
- Utilized RESTful APIs to enable seamless user role management and operational workflows

### Software Developer

HyperionDev | December 2021 - July 2023

- Designed, developed, deployed, maintained, and tested two critical web applications:
  - Student Dashboard Web Application: Enables students to track bootcamp progress, schedule mentorship calls, request reviews, and raise support tickets.
  - Reviewer Dashboard Web Application: Provides a streamlined interface for mentors to review student work, manage requests, and communicate with the Student Dashboard.
- Ensured efficient communication between applications via RESTful APIs for a seamless user experience.
- Contributed to the development and maintenance of the HyperionDev marketing website.

### Coding Mentor and Code Reviewer

HyperionDev | March 2020 - December 2021

- Guided aspiring developers by offering mentorship and improving their coding skills and practices.
- Conducted in-depth code reviews, providing actionable feedback to ensure code quality and adherence to best practices.
- Troubleshoot complex technical issues and fostered knowledge sharing within the development team.
- Maintained a positive, growth-oriented learning environment by staying updated on emerging technologies and industry trends.

### Coding Teaching Assistant

HyperionDev | August 2019 - March 2020

- Supported the delivery of programming courses and workshops, providing hands-on assistance during coding exercises.
- Clarified programming concepts, solved coding challenges, and delivered constructive feedback to students.
- Collaborated with lead instructors to enhance curriculum delivery and ensure student success.
- Promoted an inclusive and supportive learning environment while staying aligned with industry advancements.

## EDUCATION

### Degree - Bachelor of Science in Computing

University of South Africa (UNISA) | January 2022 - Present

### Certificate - Software Engineering

HyperionDev | August 2019 - October 2019

### Higher Certificate - Information and Communication Technology

Cape Peninsula University of Technology | January 2018 - December 2018

### Certificate - I.T Essentials

Cisco Networking Academy | January 2018 - December 2018

### Higher Certificate - Islamic Studies

International Peace College of South Africa (IPSA) | January 2017 - December 2017

### National Senior Certificate - Matric / Grade 12

South Peninsula High School | January 2015 - December 2015
